

VOLUNTEER

GROUP & TEAM BUILDING PROJECTS

We invite you to participate with YOUR group and support families in desperate need of help.

As a non-profit organization based in Orange County, Laura's House provides support for domestic and family violence in many ways. Some are direct services, other are indirect, but just as important in terms of contributing to our comprehensive program. Our mission is to provide a safe refuge to women, men and children escaping life threatening situations. But we cannot do this without the support of volunteers and community partners!

Laura's House has two upscale boutique style resale stores located in San Juan Capistrano and Lake Forest. These stores bring in over 1 million dollars a year that directly supports our client services, including emergency shelter, 24-hour hotline, transitional living, legal support services, counseling and community education.

We are excited to offer a meaningful group opportunity at our Donation Center which is attached to our Counseling and Resource Center! A brief overview of our organization by a Laura's House staff member will be presented to groups before getting to work.

Our Donation Center Onsite Volunteer Groups Will Help With a Variety of Tasks:

- Sorting bags of donated clothes and items
- Hanging clothes on racks prepped to go out to our stores
- Tagging clothing items

Virtual Group Volunteer Opportunities

We understand not all volunteering can take place in person. We have an interactive platform where we can customize the experience for your group. Laura's House will present to your group via Zoom! We can kick off a donation drive or project with an overview of our organization and "shelter tour." Or we can dive in deeper with a Laura's House expert presenter for your group, so that they can walk away feeling informed and inspired.

Customize Your Own Experience

Coordinate with our Volunteer Manager to host a drive, campaign or on-site experience.

YOU CAN MAKE A DIFFERENCE!

We are proud to have you on our team.

WHAT OUR VOLUNTEERS ARE SAYING...

Being able to help out at Laura's house was a great experience. I love how they raise money to be able to help men, women and children in need. It is truly a blessing for men and women to have someone to talk to and a place that they can feel safe at.

My experience while volunteering at Laura's House was amazing. There is nothing more beautiful than women supporting and empowering each other. It was an uplifting experience to contribute to such a great cause. I learned that every little bit counts. Laura's house provides the support and assistants women need when choosing to regain control of their lives.

It was truly an amazing and very surreal experience getting to visit the warehouse for Laura's house. So many different emotions ran through me in our short time being there. From feelings of sadness that there are so many people out there suffering in their everyday life from abuse to feelings of admiration for this amazing organization for recognizing the suffer and wanting to make that difference in the world.

Truly such an inspiring afternoon filled with love, hope and desire to seek more opportunities that could help them! So grateful for the time I was able to spend with Laura's House and looking forward to the next visit!
